

City Council Set To Offer Bid for Labor Camp Here

A resolution authorizing Mayor Herbert G. Lauterbach to submit a sealed bid for purchase of the Twin Falls labor camp was passed by the city council Monday night.

The submission of the bid, at an undisclosed figure, is slated before March 22 to the department of agriculture.

Under the provisions of the law allowing municipalities or other non-profit organizations to purchase the property, the camp must be maintained as a labor camp or revert to government ownership.

Leftist-Tinged Firms Sent to Talk on Pact

HELSINKI, March 9 (AP)—Finland picked a leftist-tinged delegation today for the Moscow talks on a Russian-Finnish treaty of friendship and mutual assistance, a government member said.

Government quarters said they expected the negotiations to begin on or about March 20. The second Finnish cabinet decided upon by Premier Mauno Pekkala. There was no indication whether leftist technical assistance on military matters will be attached to the group.

Opposition Expressed

The majority of Finland's political parties have expressed opposition to the Moscow pact. The Social Democrats, the seven delegates, three represent parliamentary groups which have gone on record against an arms pact.

The Finnish cabinet decided upon by the majority of the delegates. The Social Democrats, led by Carl G. Ekroth, a non-party man, is vice-chairman of the delegation. He speaks Russian and has been a member of practically all recent Finnish cabinets in dealing with the Soviet union.

Affiliated With Reds

Pekkala is a member of the Socialists. The party is a branch of the Finnish "democratic union."

The cabinet suggested a friendship and military pact.

Reinhold Stenroos, Socialist Union party, deputy foreign minister, is vice leader. Communist, Uuno Klamin, member of the Agrarian party; Dr. J. Soderhjelm, member of the Social Democrats; and Dr. A. Penttinen, a member of the Social Democratic party and chairman of the committee, are other members of the delegation.

Incorporation of Canal Parley

Responsibility for maintenance of the extension of the Eighth avenue canal was the principal point of discussion Tuesday at the board of directors of the Twin Falls Canal project. The board met in the morning session for the regular monthly meeting.

With both city and canal commission officials engaged in a conference over responsibility for the ditch, an attorney's conference was scheduled for the afternoon meeting with both groups represented.

Complaints Made

The problem was brought up by a number of land owners in the Twin Falls area. They claimed an amount of water is being received because of the poor condition of the canal. The canal was built in 1907 and is now in need of repair.

Methods of improving the system were discussed but no final decision was reached. City Commissioner W. A. Coburn, Jr., said he would present a plan to the city council whereby the city would own one-half of the cost of piping the ditch in city territory, if the canal board or residents would handle the remainder.

Legal Action

Question of legal responsibility repeatedly returned to the discussion and no agreement was reached at any time. It was tentatively planned to hold another attorney canal board meeting next Thursday.

The council took on Green-hill's proposal.

Members of the canal board present at the morning session were Chairman Don Stafford, W. R. Hatfield, W. A. Coburn, Jr., and J. Kramer. Leading the presentation of the farmers' views was A. Hanning.

U.N. Future Dim, De Valera States

NEW YORK, March 9 (AP)—De Valera said the United Nations "is not amounting to very much" and "thinks the time is 'reaching' to when the world will be divided into two camps."

The former prime minister of Ireland said at a news conference after a meeting with the United Nations secretary general that the league of nations showed more promise at times than the United Nations.

He said he was little hope for success of the U.N. "unless certain nations cooperate in working toward peace."

De Valera, whose nation has not been a member of the U.N., once served as president of the league assembly.

MacArthur Openly Bids For GOP Spot; Truman Takes Up Demos' Opinion

WASHINGTON, March 9 (AP)—Gen. Douglas MacArthur bid openly for top place on the Republican ticket today, even as President Truman foreclosed his mortgage on the Democratic nomination.

The two announcements—only hours apart in Tokyo and Washington—far overshadowed today's New Hampshire primary, the first actual voting for delegates to the national party conventions in Philadelphia. MacArthur's message saying he is available but will not actively seek the presidency caught professional GOP politicians by surprise.

It put the 68-year-old five-star general in the positive candidate class, along with Gov. Thomas E. Dewey, N. Y.; Sen. Robert A. Taft, O.; former Gov. Harold E. Stassen, Minn.; and Sen. Charles McNary, Ind. The Republicans have Warren, Calif.

The supreme allied commander in Japan named no party in his announcement that he would accept "any public duty to which I might be called by the American people."

But his statement took note of the fact that his name has been entered in the Wisconsin Republican primary next month. Also, only 10 days ago, the general sent a message to GOP headquarters in which he urged such a move.

He never deviated from the proposition that all political power resides in the people.

Announcement Quoted

In his announcement last night, MacArthur said:

"I have been informed that petitions have been filed in Madison signed by many of my fellow citizens for my nomination to the Wisconsin primary next month. I am deeply grateful for this spontaneous display of friendly confidence. No man could fail to be profoundly moved by such a display of confidence in this hour of momentous international and domestic events."

"While it seems unnecessary for me to repeat that I do not actively seek or covet any office and have no plans for leaving my post in Japan, I can say, and with due humility, that I would be recreant by not accepting any public duty to which I might be called by the American people."

Strom Sates Retirement in 'Near Future'

Postmaster M. A. Strom Tuesday announced he would retire in the near future from the position he has held for a total of 21 years.

Strom was first named postmaster of the Twin Falls postoffice in 1915, and served until 1924. He was reappointed to the office again in 1936 and has served continuously since that time.

Taking Applauded

In connection with Strom's announcement that he will retire, the civil service commission in Washington, D. C., Tuesday announced that it will receive applications for the postmaster position here. The commission said the job pays \$4,500 per year.

Applications for the position must be filed by March 30. Strom's resignation was accepted by the commission.

Under civil service rules, President Truman may appoint to the job any one of the three applicants who get the best grades in civil service examinations.

Postmaster Strom probably will remain in office long enough to see the inauguration of direct annual service from the new Twin Falls municipal airport. Twin Falls airport was started about two years ago, using a courier service to transport mail to and from Gooding.

'Christmas Ship' Aid Unloaded in Germany

BREMEN, Germany, March 9 (AP)—The S. S. Gretna Victory began discharging today 3,000 tons of food and clothing given Germany and Austria by the northwest U. S. states, including Idaho, and Alaska.

For delayed arrival of the ship four days. Representatives of the donor states, the U. S. military government and the mayor of Bremen attended ceremonies at the dock.

A "friendship train" will leave here Thursday on a long haul to deliver the gifts. It will go to Duesseldorf, Cologne, Frankfurt and Berlin. Gifts will be distributed in all three western zones of Germany and Austria.

German dock workers volunteered to unload the ship without pay. Children given holiday.

School children of this ancient city had a surprise holiday to greet the Gretna Victory.

The food and clothing were given by the people of Idaho, Montana, Oregon, Washington and Alaska. Despite raw, foggy weather, a double ceremony at the commercial wharf was watched by a thousand German school children and citizens as well as a large number of American and German officials handling the shipment.

Representatives of the donor states from each of the four contributing states.

"Friends of Cargo" Cited

Capt. Charles Jeffs, acting director of the American military government in Bremen, told the Germans:

"The most valuable cargo which this ship carries and more appreciated than even the highly prized material gifts is something little which the Americans cannot state. It is the intangible spirit of helpfulness, encouragement and good neighborliness which prompted and attended the dispatch of these gifts."

Wilhelm Tiesen, burgomaster of Bremen, thanked the American for the gift.

The four state representatives spoke briefly. They are Richard McKinnon of Portland, Ore.; Joseph Swaine, Glasgow, Mont.; O. J. Bohner, Twin Falls, Ida.; and Mrs. O. S. Lamson, Seattle.

Dafoe Is Elected Head of Minidoka New School Unit

RUPERT, March 9 (AP)—Rupert superintendent of schools, was elected president of the Minidoka new school unit at a board meeting Monday.

The Minidoka school unit includes all territory within the boundaries of the Minidoka War Relocation Authority and Jackson County, Idaho.

Other new unit officers are: Melvin Grunwell, superintendent of schools, who was elected vice superintendent; and Lee Merrill, superintendent, who was elected treasurer.

The first unit election elected officers include: Claude Bowman, Haysburg, chairman of the county; J. VanVey, Rupert, vice chairman; George Sullivan, Arden, secretary; and H. H. Haysburg, chairman of the county.

Board members announced that the board will meet Wednesday to complete organization plans.

Late Storm Puts Snow in Rockies

A late winter storm spread a blanket of snow over much of the Intermountain West today. Travel was slowed, although there were no reports of blocked highways.

The storm was for intermittent snow during the day and night, with some clearing tomorrow. Temperatures generally are expected to remain moderate.

The storm moved inland from the Pacific coast yesterday, traveling rapidly across northern Idaho and into Utah. At mid-morning today, much of snow was on the ground in Salt Lake City and the western bureau predicted the depth would reach four to six inches before the storm slackens tonight.

Reids Maintain U. S. Forming Scheme for Russia Conquest

MOSCOW, March 9 (AP)—Russia maintained today that the United States is engineering a western power scheme to divide Europe and force military action in the Balkans for aggression against the Soviet union.

In a note to the United States, Britain and France, Russia declared the western powers are trying to build up military potential in the Balkans so as to form western Europe into a strategic base for American aggression in Europe with the purpose of aggression against the USSR.

The note was made public last night in a press conference. Russian officials said it was delivered Saturday. It did not say what action the Soviet government intended to take in its interpretation of the note.

The Soviet note rejected a British reply to an earlier Russian protest about a recent three-power conference in London on Germany's future.

That conference, the Soviet note charged, violated the Potsdam agreement of 1945.

The conference agreed Saturday on further military action in the Ruhr and a federalized form of government for western Germany.

In addition, the Russian note contended, the major western powers are trying to divide the four-power control of foreign ministers. Britain and America merged their opposition to the western powers so that they would not have to demilitarize that area "nor violate the Potsdam agreement in Germany," the Russian note declared.

Further charged the United States wants to split Europe into two camps, and "include schematic plan for the division of Europe into two camps." To this end, the note declared, the western powers are paralyzing the United Nations.

Traders Fearing New 'Bust' as Mart Fades

CHICAGO, March 9 (AP)—Traders feared today that prices on the national commodity markets were starting their downward swing.

Grain prices fell again on the Chicago board of trade.

Wheat, corn and oats dropped sharply for the second straight day, at the opening. Soybeans fell the full eight-cent limit.

10x prices at Chicago appeared steady with yesterday's lower levels, but other markets throughout the Midwest reported prices 75 cents to \$1 a hundred pounds lower.

All of the major commodities except crude rubber took a sharp drop yesterday with grains leading the decessions. The trend was transmitted to the stock exchange which closed fractions lower. 10x prices dropped 25 cents to \$1.00 lower at the big cornbush stockpiles.

It was the biggest general drop since Feb. 13 when the big break that started Feb. 4 finally was checked and a gradual upswing began.

The commodity markets set the pattern for the level of the nation's cost of living.

The National Association of Purchasing Agents reported that its latest survey of prices of goods and services showed a 1.5 percent increase.

"Competition is becoming sharper in many fabricated products," the association said, noting that "worker productivity is increasing."

'Glaring Inefficiency' Laid to Tax Bureau

WASHINGTON, March 9 (AP)—The house appropriations committee today charged the internal revenue bureau with "glaring inefficiency."

It demanded an end to the political appointments of internal revenue collectors and it assailed what it called "loafing on the job," duplication of effort and useless work.

The charges were contained in a report to the house accompanying the committee's approval of an appropriation bill carrying \$1,981,722,350 to run the treasury and post office departments in fiscal 1949. The total was \$35,993,850 more than requested by the departments.

The house probably will consider the measure.

No Coast Guard Funds

The bill carried no money for the customs bureau, the coast guard, for the acquisition of strategic and critical materials or for tax needs. Those needs will be taken care of in another bill.

The committee also approved permanent appropriations totaling \$2,914,425,210 for the internal revenue bureau and \$2,914,425,210 for old age and unemployment payments.

The committee's criticism of the internal revenue bureau was one of the most severe in its report. It said the bureau was "glaringly inefficient" and "glaringly inefficient."

It said the bureau was "glaringly inefficient" and "glaringly inefficient."

Idaho's Office Termed Over U. S. Average

WASHINGTON, March 9 (AP)—The Idaho state office of the U. S. treasury was termed "over" by the U. S. treasury department.

Here are some of the supervisors' criticisms of the Idaho office:

"The Idaho office is overmanned and inefficient in the western region."

"The Idaho office is overmanned and inefficient in the western region."

M'Arthur and Truman Take Aim on Office

(From Page One)
The drama that marked the late President Roosevelt's retirement at a locked-door conference in 1944 that he would seek a fourth term.

But Mr. Truman's decision to go for his first full four-year term touched off even greater controversy within his own party.

Partly Menaced
Menaced by Henry Wallace's independent bid for the presidency, the party has shown signs of falling apart at the seams because of southern anger over Mr. Truman's civil rights proposals.

With all of this in mind, Sen. Elmer Thomas, D., Okla., told a reporter "there isn't a chance in the world" Mr. Truman to win in November.

This estimate was regarded as significant because Thomas has not only been a vocal opponent of the anti-lynching, anti-riot tax, anti-labor discrimination and anti-union laws measures the President has asked Congress to pass.

Wanted, Mr. Fairley
The chairman was to be for a ticket made up of Gen. Dwight D. Eisenhower and James A. Farley. Both, however, have said they won't support such a ticket.

Dewey and Eisenhower matched strength in New Hampshire's first-in-nation Republican presidential primary.

2 Teen-Agers Escape From U. S. Marshal

POCAHELLO, March 9 (AP)—Two teen-age Caldwell youths had less than 30 minutes of freedom yesterday after they escaped from the U. S. marshal's office here during their arraignment in federal district court on a delinquency charge resulting from transportation of stolen automobiles from Caldwell to Salt Lake City.

They pleaded guilty to a juvenile delinquency charge, officers said, after arraignment they slipped out of the marshal's office unopposed.

Officers threw a blockade over county roads and the youths were picked up shortly afterwards near Union Shoshone.

BLAMED FOR BUNGALIES
The pair, according to word received by the Twin Falls sheriff, also are responsible for burglarizing two homes in Klamath Falls the night of Feb. 20. It is not expected they will be returned to face charges.

The youths, which were reported entered in Klamath Falls were owned by Mahlon L. Hanson and Charles Raymond, who were charged with automatic rifle, a diamond stickpin and a wrist watch were stolen.

The men and dairy inspector, Dr. D. A. Jackson, reported 1800 animals killed locally during the month with 326 pairs being condemned.

During the month 19150 was reported collected in fines and other revenue in the public library.

Feeling Mixed On 'Religious' School Ruling

CHAMPAIGN, Ill., March 9 (AP)—The high court ruling today that voluntary religious instruction in Champaign public schools is unconstitutional is viewed by opposing parties in the case both as "a severe blow to religion," and having "safeguarded our secular system from sectarian domination."

Mrs. Vasil McCollum, self-styled atheist, who is suing to stop the school board, said "the principle separating church and state has been forfeited" by the court's decision.

John L. Franklin, attorney for the Champaign school board, said that the supreme court's decision "is a severe blow to religion which is not settled by Justice Black's assurance that it is delivered without hostility."

NO EFFECT IN IDAHO
BOISE, March 9 (AP)—The United States supreme court decision banning religious instruction in public schools has no effect on the Idaho public school system.

The state court decision was handed down late yesterday and a check with the Idaho department of education shows that Idaho's constitution provides that "no sectarian or religious tenets or doctrines shall ever be taught in the public schools."

However, the board of education advised a ruling that awarding of high school credits to students for Bible literature courses and private schools and on a voluntary basis. Use of public money in conduct of such courses, which must be "non-sectarian and non-denominational," is prohibited.

BIG BORDEN TRANSFERRED
BOISE, March 9 (AP)—Virgil Borden, who was transferred from St. Maries to Buhl by the state fish and game department, will be engaged in land studies and other field work in land acquisition. He is a former Twin Falls county deputy sheriff.

5-Yr. Victim of Gassy Stomach
"For 5 years I suffered from gas swelling and bloating," says a well-known citizen. "My meals just laid on my stomach and turned to gas. Had daily attacks from this condition. I tried many medicines, but they never had any effect on me, but finally I found INNER-AID. It cleared out all my gas. Now I can eat without misery afterward. This is the only medicine that ever helped me."

INNER-AID is the new formula of 12 juices from Nature's Plants. It has relieved many people who had never been really helped before by any medicine. Taken shortly before meals it mixes with our food, thus eliminating the poisons that foster stomach trouble. It will cleanse the bowels, clear gas from stomach, enliven liver and remove old bile from the system. So don't go on suffering! Get INNER-AID. Sold by all drug stores.—Advt.

Traffic Fines
Three citations for speeding and 11 for overtime parking were paid in traffic court Tuesday, according to Twin Falls police.

Pay \$10 and \$3 court costs each for speeding were Harley A. Parnster, Lyle G. Smith and Cuba Proctor in the action.

Overtime parking fines of \$1 each were paid by W. A. McCluskey, O. L. Campbell, J. W. Richards, Tom Roberts, I. P. Discus, Cio R. Weech, Otto Olfenhouse, Cecil Foy, J. A. Robertson, W. A. Colner, and John Dove.

My dear, don't tell me you SAVE garbage!

"I wouldn't have garbage in my home!"

EASILY INSTALLED
The Disposal unit is installed easily and quickly in any modern sink with a 3/4" to 4-inch drain outlet. Most present-day sinks have this size drain. Yet you can use the Disposal if you have municipal sewage service or an adequate septic tank!

SAFE
The Disposal cannot operate unless a sufficient cold-water flow is present, and then only if the Twistop Safety control is locked. Hands and fingers cannot get into the machinery.

THIS IS HOW IT WORKS
1. You scrape food waste off your dishes into the Disposal.
2. You lock the cover, a single twist to the left.
3. You turn on the cold water, which automatically starts the motor. That's all you have to do!

WHAT OTHER WOMEN SAY:
"Saves 32 minutes a day." "No more garbage odor!" "Perfect!" These comments are the results of a survey made among women who use the Disposal daily.

Opposition to ERP Doubts Effectiveness

WASHINGTON, March 9 (AP)—Senator Brewster, D-Ia., said today that most opposition to the European recovery plan is based on doubts as to its effectiveness in combating communism.

The plan is now being debated in the senate.

He said:

"Some opposition to ERP is based on a desire to appease Russia, and most opponents sense the futility of combating Soviet aggression with dollars to the exclusion of more effective means of national defense and security."

Describes Legislation

He described the proposed legislation this way:

"It is merely a gesture of good will and friendship."

"It is little more than a psychological charade erecting a paper curtain to effect the iron curtain."

He proposed more far-reaching measures.

"Armed might," he said, "is the only defense against the inspired subversion and aggression."

Czechs Given 300 Million

House Republican leader, Clegg, told a reporter, Czechoslovakia would not have fallen. That country, he said, has had nearly \$300,000,000 in aid since the end of the war.

"That money," he pointed out, "did not help Czechoslovakia to resist the onslaught of communist aggression."

He said there is little hope of permanent peace until congress has told the full history of the conferences at Tehran, Yalta and Potsdam.

What Is Policy?

He asked:

"What is our national foreign policy today? Does it provide for any cooperation with the United Nations? Does it provide for agreements with European countries? Is it reflected in the Marshall plan to furnish financial aid to 16 countries and western Germany? Is it one of continued appeasement of aggression?"

Then he said:

"It is difficult to delineate any specific pattern other than dollars, grants and loans to foreign countries which can qualify for such consideration."

Grange OK's Tax On Oleomargarine

RUPERT, March 9.—The Rupert Grange went on record at the last regular meeting favoring continuation of the oleomargarine tax.

Plans were made to circulate the petition to other Granges in the Idaho county and to notify senators and representatives in Washington, D. C., of the results.

Thomas Maberly, Rupert high school agriculture instructor, spoke on the oleomargarine tax.

Refreshments were served by Mrs. and Mrs. Harry Candau, Mr. and Mrs. O. O. Oddy and L. P. Candau. Master Howard Burns presided at the meeting.

Man Sentenced to Jail Over Forgery

HAYLEY, March 9.—Arthur J. O'Leary, charged with forgery, has been sentenced to seven months in the Blaine county jail by District Judge Doran H. Stephens.

O'Leary was arrested Jan. 14 after allegedly forging a \$100 check in the name of Ellen Weinbrenner, wife of the owner of the Christiana club in Petchum. He waived preliminary hearing when he appeared before Probate Judge George A. McLeod Jan. 16 and was bound over to district court.

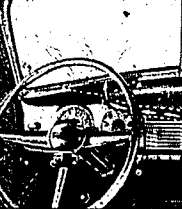

The state was by Prosecuting Attorney Joseph McWhorter.

Taylor Flays Aid, Defends Red Policies

(New Press Staff)

As civilian administrators in count-leas seats that never before have groined under the ponderous weight of the military," he said.

In a section entitled "Where Art Thou, Harry?" Taylor attacked the President for not arranging a meeting with Stalin.

Forrestal, Taylor said, represented "the money interests" and all concerns in establishing U. S. policy toward the partition of Palestine.

Marshall, he said, made no better a secretary of state than former Undersecretary Sumner Welles would have made.

Senate Press, Arthur H. Vandenberg, whom he did not name directly, and others working toward a bipartisan foreign policy were charged with paying "lip service" to the United Nations, while acting to undermine the organization.

As for ERP, the subject technically under senate discussion, Taylor declared:

"It makes infinitely more remote any possibility of reversing the present trend toward war. I have called it stupid because I don't believe it will accomplish the desired object, namely, buying the friendship of western European nations with a view to their becoming our allies in an expected war against Soviet Russia."

Health Unit Talk Given by Doctor

Dr. L. H. Hoyle, general health consultant of health services in Denver, addressed a staff meeting of the south central Idaho district health unit here Monday.

Dr. Hoyle spoke on public health nursing programs. Ella Mae Hoyt, public health nursing consultant in Denver, also addressed the group. Staff nurses from Twin Falls, Gooding, Jerome and Lincoln counties were present.

Dorothy Colvard, supervisor of nurses at the local office announced that a Rocky Mountain spotted fever immunization series is currently being held in the Hollister area under sponsorship of Hollister schools.

Russia Stands Firm for Split In Holy Land

LAKE SUCCESS, N. Y., March 9 (AP)—A high Soviet source said today that Russia will insist that the United Nations Palestine partition program "must be carried out."

Russia will assume this position in the current big power consultations on the holy land dilemma, the source said.

From the same official it was learned that Soviet Delegate Andrei Gromyko would be willing to "consider" directing a "last-minute" request to the Arabs for cooperation with the U. N. general assembly's warring program for dividing Palestine into Arab and Jewish states.

Coroner Says Death of Man Here Suicide

The body of Henry C. Johnson, who died here Monday of self-inflicted bullet wounds, was shipped to Pocatello Tuesday by the White mortuary for services and burial at an undetermined date.

According to the report by Coroner F. Wayne Schow, Johnson died of a wound in the head from a .20 caliber rifle found in his hand. He also was shot in the chest, but an autopsy performed by the coroner revealed that the wound was not fatal as the bullet had passed above the heart.

His body was found at 12:15 p.m. Monday in his tourist cabin home by the owner of the rooming house. He had been dead for two or three hours when discovered.

Tax Study Panel Named for State

BOISE, March 9 (AP)—A five-man committee which will study ways of increasing state income tax revenue in tax assessments, was appointed yesterday by Harry A. Elson, Twin Falls, president of the Idaho State Chamber of Commerce, and Preley F. Horne, Caldwell, president of Associated Taxpayers of Idaho, Inc.

Appointment of the committee was authorized at a recent meeting of taxpayers in Boise.

Committee members are Fred A. Burton, Porterville, chairman; Kenneth Stringfield, Caldwell; James B. McMonigle, Lewiston; T. L. Martin, Boise, and Leo J. Hoban, Wallace.

Marshall Plea On ERP Gets House's Snub

WASHINGTON, March 9 (AP)—House Republicans today rejected at least temporarily Secretary of State Marshall's plea that the house keep their foreign aid out of the European recovery program.

At a conference with Senate Press Arthur H. Vandenberg, they stood pat on their plan to include the ERP in a "big package" with the administration's request for \$570,000,000 for Greek-Turkish aid.

Marshall had appeared personally to Speaker Joseph W. Martin, Jr., yesterday to consider the ERP program separately in the interests of speed.

The senate is considering the ERP separately from the Chinese and Greek-Turkish programs.

House Republicans today lined the schedule on that approach.

House GOP leadership squarely behind Gen. Douglas MacArthur on the issue, MacArthur cabled the house foreign affairs committee last week that he favored acting on the global foreign aid program "in its entirety."

The senate, a few minutes later, began a drive for speedier action on ERP.

Republican Whip Kenneth S. Wherry, Neb., informed the senate

COMMUNISM'S OPPORTUNITY

It has been said, frequently and truly, that communism thrives on discontent and misery. History of the past 30 years shows that the seeds of discontent and misery are sown in a free and prosperous nation and that it usually takes poverty and exploitation to make people reach for Dr. Marx's strong medicine.

But the case of Czechoslovakia is different. The Czechs are well off, by present European standards. Their land was fought over during the war, but their cities are not pounded to rubble. The people enjoyed civil liberties and property rights under a representative government.

By all the accepted rules communism should have had a poor time of it in Czechoslovakia. Yet, before the seizure of power, the communists were the country's biggest party. And when they set out to take over completely, the opposition folded up almost overnight.

This said affair leaves only two questions about past events and one for the future. Why were the communists so strong? Why was the opposition so weak? And how are the communists going to run Czechoslovakia?

The answer to question one seems to be that communism got its strength partly from gratitude and partly from "realism," or fear. The German liberated Czechoslovakia. After the German surrender Moscow got its troops out before they could build up the resentment among the natives against their occupation forces as reported to have created in other countries.

Then there is the fact that Czechoslovakia was Russia's neighbor. It might be that many Czechs took a note of what had happened to most of the other neighbors. It is claimed that their day of reckoning was not far off, and determined to get in on the winning side. Stories of a big rush to join the Communist party since the coup tend to support this theory.

The same sort of thinking may account for the non-communists' quick collapse. President Eduard Benes and his followers probably saw that, with the police under communist control and an ardently pro-Soviet general leading the army, resistance would only mean useless bloodshed and inevitable defeat.

As for the third question, the communists have at last secured a going concern. Some Russian communists have admitted that it isn't really "communism" that is practiced in their country, and that they would have to get control of a country like the U. S. before the world could see how their theories really are supposed to work.

Well, the Marxists have a fine opportunity in Czechoslovakia. Here is the ideal laboratory for the Kremlin and its stooges to create the workers' paradise they are always talking about. This can be their show place. They can banish purges and secret police, for the Czechs accepted the new order without a struggle. They can stop such foolishness as ordering composers and writers to turn out a certain type of music and books. The new leaders can ring up the iron curtain and fearlessly let their system stand comparison with decadent capitalism. The Czechs, literate and socialist-minded people, won't need spoon-feeding.

All this and more the communists might do in Czechoslovakia, their new, modern, well-equipped experimental laboratory. What do you say they don't?

WE'RE STILL WAITING

Announcement of the nation-wide strike which has been called by the CIO-United Packinghouse Workers reminds us of the strike which the meat cutters staged in Twin Falls several months ago.

One possibility of heading off this new tie-up which would paralyze 80 meat packing plants across the country appeared to be the Taft-Hartley act provision calling for an 80-day "cooling off" period in strikes called in industries affecting the health, welfare and safety of the nation.

Provisions of the Taft-Hartley act also became an issue in the local meat cutters' strike. It became such an issue, in fact, that an investigation was made by a field examiner working out of the Seattle office of the national labor relations board.

The strike, it will be recalled, was discontinued pending a decision by the NLRB. From all indications, this investigation was merely a gesture, amounting to nothing more than a whitewash of the union's activities. At least there is little indication that a decision will ever be handed down.

So the public, perhaps interested in knowing just what the score is in cases of this kind, particularly as a test of the Taft-Hartley act's effectiveness, will get instead another taste of federal bureaucracy.

And once more it leaves the question: Just what is the purpose of all these government bureaus and boards, for which the budget is being expanded year after year?

Insurance statistics show that women live longer than men. We've always heard that paint was a good preserver.

TUCKER'S NATIONAL WHIRLIGIG

WASHINGTON.—"Operation Applepie" is the trademark which Sen. C. Willis Robertson of Virginia apple growers now apply to foreign trade in one of the old dominion's most profitable products. Several old-established firms are to lose several hundred thousand dollars because of foreign dollars and price controls in Sweden, England and other countries.

Although hundreds of American exporters dealing in other commodities suffer from the same international difficulties, the Virginia producers believe that their plight produces a special feeling in the United States to private commerce when the United States or any other government decides to restrict trade with ordinary transactions.

The incident serves to explain why Senator Robertson and Sen. Harry F. Byrd, one of the nation's largest apple growers, are so violently opposed to President Truman's demand for a return to the dollar standard. It is the details of the story which they do not find at all amusing.

CEILING—Several months ago, the Virginia planters were encouraged by the state and agriculture departments to prepare shipments of U. S. apples to Europe from the same plantations. It was especially popular. The fruit had to be packed in barrels for the overseas land, and in such a way that the apples would not be damaged.

After the apples were wrapped up in accordance with detailed instructions, Sweden froze her supply of U. S. apples. The reason was that the apples were packed in barrels for the overseas land, and in such a way that the apples would not be damaged.

Pot Shots

WE WON'T VOUCH for the veracity of this tale, but we felt it was too good to suppress.

Perhaps a good many of you good constituents know how people swap yarns about people. Well, that's what happened to me. I was told that this little gem, but we're afraid it's not based entirely on fact. Couldn't be. Anyhow, an overheard conversation about a person who didn't bother to take out his false teeth. (That is) was afraid they'd become lost.

So every couple months the false teeth wearer ambles up to a dentist office, asks the dentist to take out the false teeth and give him a good cleaning.

Could it be that Mr. West feels Idaho needs another senator like that?

Eight-Footer

OLDIES PRYER, March 9—Ray Collins and Benne Kunt have landed the largest sturgeon taken from the Snake river near here this year.

The fish weighed 300 pounds and measured eight feet in length.

Cohen was attending to his own business he hardly could have imposed on himself by placing unusual names on his own list.

Almost all of the New York writers on the spotlight run are on the list, together with their little figures, and these individuals have been allowed to hear the news, indirectly.

It could be presumptuous to peer into Mr. Hogan's mind and say that he is enjoying the situation, but since we have no presumption here, let's see.

I think it must be mentioned here that the garden fight club in New York City also had a list, but that some of the journalists on that list voluntarily denied that they were on the list and seemed to be the sort who wouldn't take it.

The accepted explanation was that for household purposes, the journalists had entered those persons as profitable enemies, giving the supercilious feeling toward the fellow who felt equally superior to him.

This would be a very different matter, for the household, the journalist, Mr. Cohen's own office and was turned over to him, by mistake no doubt, to start his travels if Mr.

Attendance at Co-Op Parley Posts Record

HEYBURN, March 9.—The largest group ever to attend a Jerome Cooperative Creamery meeting, heard Manager Roy Smith, Jr., declare that the association represents "a million dollar investment in dairy members of the cooperative," when he made his annual report to the thirty branch of the association meeting in Heyburn Monday.

Smith also stressed what he termed the value of the cooperative method of marketing as compared with other methods and asked dairymen to write their congressmen for retention of the tax on colored oleomargarine.

Directors Elected
The 640 members present at the annual meeting in the Heyburn LDS church selected R. H. Jacobs, Dario, and W. P. Quast, Dario, to three-year terms to the board of directors. They were previously president and vice president, respectively, of the cooperative.

The group also heard A. H. Jacobs, Dario, that the average milk rejected for Idaho dairymen was two per cent while the cooperative dairymen had only slightly more than one per cent rejected.

Milk Discussed
Jacobs also conducted a question and answer period at which improvement in the quality of milk was the principal topic.

Members were also urged to get their personal houses in order and prepare for any emergency that might occur in a talk by Elder Z. Benson, one of the 12 apostles of the LDS church. Elder Benson is a former extension economist for the University of Idaho and former secretary of the farm cooperative council.

Talks on Europe
He returned from a European tour and told the cooperative members that Europe was looking to the United States for help and that giving them that help was the only alternative open if this country did not want them overcome by communism.

Lunch was served by the LDS church Relief society and entertainment was furnished by the Heyburn high school music department under the direction of Frank Watson.

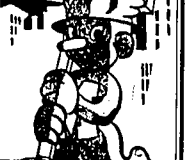

Eden High School Gives 3-Act Play

EDEN, March 9.—Members of the Junior class at Eden high school recently presented "Brides to Burn," a three-act comedy, in the high school auditorium.

Members of the cast were Jo Palk, Charles Stichtum, Laffie Hepworth, Margaret Mitchell, Claude Hilt, Louise Kluth, Thomas McClure, Norma Jean Schuchman, Bill Wilson, Chris Lombard, Hazel Gordon and Kenneth Green.

Between acts of the play a quartet of Myrtle Hepworth, Phyllis Crandall, Paul Braxwell and Fred Robinson sang cowboy songs. Paul Braxwell gave a reading.

The play was under the direction of Mrs. Gem Howard.

Four Persons Ask Building Permits

Plans for building in Twin Falls continued to increase this week with four more applications for permits filed with the city clerk for a total estimated cost of \$15,400.

A 30-by-78-foot brick type home in the Federico addition is planned by Mackey E. Brown. Dimensions listed in the application include a garage and the construction is estimated to cost \$8,000.

Mrs. L. P. Peterson, 415 Fifth avenue west, plans to build a 14-by-16-foot cinder block room to her one-family dwelling and estimates cost at \$4,000.

A new 24-by-26-foot frame one-family dwelling is planned by D. S. Sayers. The home to be in the Dean addition is estimated to cost \$4,000.

Application for a building permit to construct a one-family frame dwelling at an estimated cost of \$1,000 was submitted by Nelson Anderson, 207 Jackson street.

Permission to hang a neon display sign was also requested by the West Sign store, 149 Main avenue west.

Carey PTA Hears Educational Plan

CAREY, March 9.—A discussion on financing the state minimum educational program was held at a meeting of the Carey PTA recently in the high school. Clifford Orchard, president, conducted the meeting.

The discussion was led by School Supt. Irvin Spencer, who also briefly outlined the school health program being implemented by Mrs. Mildred Meenan, Blaine county public health nurse.

Spencer announced that the dental clinic for school children will be held in April, and that immunization for diphtheria, whooping cough and smallpox will also be given soon.

First grade students presented a play directed by their instructor, Mrs. Lillian Smith, and the high school girls' chorus sang two numbers, accompanied by Mrs. Melvin Sanders.

Association Member
SHOSHONE, March 9.—Carl Couch, Shoshone, has been unanimously elected to membership in the Ayrshire Breeders association.

Couch's herd of dairy cows trace back to County Ayr, Scotland, from which the breed derives its name.

Three Groups Talk Schemes On Bug Fight

BOISE, March 9 (UP)—Three agencies met jointly here today to discuss methods of combating the potato nematode, as yet confined to a small area in Bingham county.

The agencies are the Idaho potato nematode control commission and the Idaho nematode control committee.

Review Program
Late this afternoon, the coordinating committee is to meet separately to review its progress for the year. All members of the committee, headed by Lee Wagner, Boise, are up for reappointment by Gov. C. A. Robins, who created the group a year ago.

Yesterday, most of the committee members were present at a meeting of the Idaho advertising commission. At that meeting, Commissioner Secy. Lee Heller said more than 375,000 pieces of display material had been distributed to the nation's wholesale trade to boost sales of Idaho potatoes and onions.

Season Nears Close
Heller added that the 1947-48 potato deal is nearing a close with only 5,000 cars left for shipment. He said the 1947 crop would reach only about 28,000 to 30,000 cars, or about 10,000 less than the record 1946 crop.

The commission will meet in Boise April 18 to devise a promotion program for the early Idaho potato deal for 1948.

Co-Op Chief Sees Speculation End For U. S. Grains

DENVER, March 9 (UP)—An official of the Farmers Union Grain Terminal association, in Minneapolis, Minn., has predicted that there will be no grain speculation in 15 years.

W. W. Thatchner, general manager of the Minneapolis Grain association, said at the opening of a four-day national convention of the Farmers union that 70 per cent of all grain marketed in the United States would be handled through farm cooperative elevators within that period of time.

"Between 10 and 12 per cent of all grain is marketed through farm cooperatives now," the Farmers union executive said, "and we're just getting a foothold."

Thatchner, who will receive the group's 1947 agricultural award, said that "the market today does not reflect supply and demand."

Instead, he said, the market reflects the change day to day in government purchasing programs.

only about 28,000 to 30,000 cars, or about 10,000 less than the record 1946 crop.

The commission will meet in Boise April 18 to devise a promotion program for the early Idaho potato deal for 1948.

Car Lack Caused By Spud Demand

IDAHO FALLS, March 9 (UP)—A moderate spurt in demand for Idaho russets has resulted in a car shortage on Idaho's potato shipping front this week.

Based on orders placed with the railroad, Idaho was 76 cars short Monday while east Idaho spud shippers needed some 50 more cars than they received.

The only other car shortage this season, developed early last fall, during that time, the car supply has been more than enough to handle the state's lagging potato traffic.

Legion Auxiliary Discusses Girls For Convention

RUPERT, March 9.—The American Legion auxiliary met Wednesday at the Legion home to discuss plans for sending two girls to the state convention, to be held in Pocatello in June.

The high school principals of Rupert, Heppner, Arco and Paul will submit the names of four outstanding girls from their junior classes. They will be chosen on the basis of scholastic standing, leadership and citizenship.

A committee from the auxiliary, composed of Mrs. R. L. Oulter, chairman, Mrs. Peter Boyd and Mrs. O. W. Paul, will select the two girls from this group. The auxiliary is sponsoring the project and other organizations are financing the plan.

Plans were made for a Legion birthday party March 17. The auxiliary will have an all-day cleaning March 15 in preparation for the party. A potluck luncheon will be served at the party.

The auxiliary has presented the American Legion with an electric range, and the Legion has laid a new sink and new linoleum in the kitchen.

Refreshments of coffee and doughnuts were served at the conclusion of the meeting.

Baptists Finish Mission Study

The Baptist missionary field in Belgium Congo was the topic of a talk by Mrs. Garth Reid at the meeting Thursday of the Baptist Missionary society.

Mrs. Reid's talk was the last in a series of lectures on mission study. Mrs. Arnold Kennedy led the devotion.

Zoo Hunt circle was hostess to the other circle groups and served refreshments with the aid of the Missionary Union circle. Following Mrs. Reid's lecture, the circles appeared to conduct their business meetings.

Golay-Hafer Ceremony Held in Floral Setting

Baskets of pink and white flowers and snapdragons, lighted by tapers were the traveling decorations for the wedding of Helen Louise Hafer to Lawrence L. Golay performed at 3 p.m. Sunday at the Methodist church.

The bride is the daughter of Mr. and Mrs. Carl L. Hafer, and Golay is the son of Mrs. Millie A. Golay. Both families live on route two, Twin Falls.

The Rev. Albert Parrett officiated at the exchange of marriage vows which was witnessed by 200 guests. The bride was given in marriage by her father.

The bridal gown was of broadened white satin worn with a fingertip veil which was caught in a seed pearl crown. The bride carried pink roses and white carnations and as sentimental tokens, a handkerchief and pin belonging to her mother, "something old," a gift of the bridegroom, "something new," pearls belonging to her mother, "something borrowed," a ribbon in her hair, "something blue" and "a penny in her shoe."

Karla Jean Hafer, young niece of the bride, served as flower girl. She was dressed in blue tulle and carried a basket of pink carnations. The bride's sister, Barbara Hafer, in broadened pink satin, was maid of honor. White carnations formed her bouquet.

Bridesmaids were Orelene Golay, sister of the bridegroom, in pink chiffon, and Virginia Twanent, cousin of the bride, in blue chiffon. Six attendants carried pink carnations.

Robert V. Golay was best man for his brother, and Glenn Peterson and Frank J. Kimball, brothers of the bride, assisted as ushers.

Music for the ceremony was provided by Mrs. C. W. Albertson, organist, and Sameth Ward, who sang "I Love You Truly" and "Oh Promise Me."

Mrs. Hafer wore a brown flowered dress with white accessories. Mrs. Golay was dressed in an Oxford gray silk-striped suit worn with a white lace collar and white accessories. The bride's hair was styled in a bun. The bridesmaids carried bouquets of pink and white flowers.

The double-ring service the tapers were lighted by Clara Rosen, niece of the bridegroom, and the bridesmaids. The bride, Mrs. Hafer, was given in marriage by her father, Mr. Carl L. Hafer. The bridegroom was given in marriage by his father, Mr. Lawrence L. Golay. The wedding reception was held at the bride's home for 75 relatives and close friends. A pink and white decorative scheme ornamented the house. The serving table was covered with a hand-made cloth, and a table of flowers flanked the wedding cake.

The newlyweds stood under a pink and white fabric ceiling with suspended white bells as they received the guests.

The cake was cut by the maid of honor, and the bridesmaids and candlelighters assisted with the serving. Master of the ceremony, Mr. and Mrs. Robert Whitmore, sister of the bridegroom, presided at the beverage service.

Mrs. A. C. Martin and Mrs. R. L. McCracken were in charge of the reception. Mrs. Den Breen assisted by the Gary and Mrs. Clifford. The former Miss Hafer had chosen a tan suit worn with black accessories and the pattern from her bride's bouquet. Following their honeymoon trip to an unannounced destination, the couple will make their home on a farm near Twin Falls.

Mrs. Golay graduated from the Twin Falls high school in 1947. She was employed by the Times-News for four years and now works at the south central Idaho district office. The bridegroom also attended high school in Twin Falls and served in the navy for three years.

Prior to her marriage, Mrs. Golay was honored at showers given by Mrs. M. E. Hafer and Orelene Hafer and Mrs. R. V. Golay.

Guests from out of town for the wedding were Mr. and Mrs. E. M.

CLEANING or PRESSING

They're both "Most Important" to Us.

Somebody asked us which service is most important in our business, cleaning or pressing—and we can truthfully answer—BOTH.

You see, garments won't look right unless they are painstakingly cleaned—with careful attention paid to the removal of dust, dirt, grease and grime. Perspiration stains and odors must be removed, too, before pressing is considered.

When this is done—and the garment is pressed without puckers or wrinkles—pressed to really crisp, professional finish—then you have a job that is done right....

And every cleaning and pressing job must be "right" before it leaves

You're so right
There's no substitute for Nucoa's goodness. The country over, Nucoa is the margarine most mothers choose.

The makers of Nucoa believe that you can't be too fussy about making good margarine. That's why they consult regularly with some of the country's top-ranking nutritionists, refine their own vegetable oils, make their own milk culture, perform 175 tests daily in their own laboratory.

No churned spread, at any price, is richer in food energy, or a finer year-round source of Vitamin A. So you're right when you choose Nucoa margarine. Nucoa's so good "it melts in your mouth!"

Jamaica Aims at Four Crowns in Olympic Games

LONDON BRANCH, N. J., March 9.—Herb McHenry believes his little island of Jamaica with a four-man team has a good chance to run off with four major titles in the Olympic track and field championships this summer.

The tall, flat holder of the world's 400-yard mark of 46.2 seconds is a winter mark favorite for the 400 members. He also plans to compete in the 200 meters. His mark of 20.4 was the fastest in the world last year for that distance.

Arthur B. Wint, now in London attending college, is deemed by McHenry a top favorite to capture 800-meter honors.

McHenry, who competes in the United States for the Shore AC here, has his eye also on the 1,600-meter relay championship with a Jamaican quartet of Basil Bevington, George Rhodin, Wint and McHenry.

Rhodin has a mark of 48 flat on grass in Jamaica for the quarter, while McHenry, a sprinter, should be able to go well under 40, says McHenry.

Regulations on Hunting of Ducks May Be Relaxed

ST. LOUIS, March 9.—The rigid duck hunting regulations of 1947 may be relaxed this year, Director Albert M. Day of the U. S. Fish and Wildlife Service said today. Initial reports from a federal waterfowl survey made in January indicate that a three-year decline in the duck population has been halted, he said.

If other factors, such as breeding conditions in Canada, are favorable, Day said, there is a possibility the bag limit may be raised or the season lengthened.

Day described the present waterfowl situation as "very encouraging" but warned against optimism on the long-range outlook. He said the "wildfowl refuge program is a "wholly inadequate."

20TH COWBOY SIGNED

West. Kentucky No. 1 For Garden Tourney

NEW YORK, March 9.—Western Kentucky state's veteran five-to-ten top-seeded of the national invitation basketball tourney as pairings were announced for the Madison Square garden meet and the eastern NCAA championships. The Hilltoppers, with a stunning 20-1 record, were surprise choices for the first ranking position. New York U. (20-1) was seeded second with North Carolina State (22-3) third and St. Louis (21-3) fourth. The other four teams in the 11-17, are Louisville of Philadelphia (11-3), Bowling Green of Ohio (12-3), and DePaul (12-1).

In the eastern NCAA elimination, Colgate defending Ivy league champions (19-1) will face Kentucky's southeastern Kings (13-1) in the 11 p. m. curtain-raiser. The second game that night will match St. Louis and Bowling Green. Louisville and DePaul were installed as the favorites for the contests late Sunday.

The semi-finals of the tourney will be held March 15 and the finals March 17.

Meanwhile, the western NCAA teams still were undermanned. After one of four sportswriters on record, playoffs still are necessary to fill the four berths.

Western Kentucky, Southern conference champions, will play at St. Louis, March 12, and 15. District 7—Playoff between Utah and Wyoming tentatively decided Sunday.

District 8—Washington vs. Oregon State, one game Tuesday, to decide northern division title of Pacific coast conference. Winner then to meet California, southern division winners, in a time limit series, March 12, 13 and 15.

To Battle in Kansas City

The four district survivors finally will battle it out in Kansas City, March 19 and 20. After that it's a trip to New York for the winner and runner-up to meet the one-two teams of the eastern NCAA eliminations. The runners-up meet in a consolation game.

The two NCAA finalists, the N. T. warriors, the NAIB winners in Kansas City, the national YMCA champions, and the top three teams in the national AAU tourney, will automatically enter for the eight-team Olympic tryouts in New York, March 27, 29, 31.

Training Camp Notes

CLEARWATER, Fla., March 9 (AP)—Eddie Miller said he regretted his 10-minute speech which resulted in his transfer from Cincinnati to the Cardinals. The outcome turned out for the best, he said, ever, the infielder added.

"I'm sorry it happened," Miller said during an interview. "I certainly was not intended the way it looked on paper."

The 31-year-old Miller, who was traded to the Cardinals in 1943, was referring to a speech he made two months ago in which he talked himself off the Cincinnati club. He criticized Nantz's style of play and named teammates Frank Baumholtz, Grady Hatton and Virgil Starkopf as the best in 1944.

CARDINALS LACK SPEED?
ST. PETERSBURG, Fla., March 9 (AP)—The Cardinals' lack of speed will be their biggest handicap in the 1948 pennant race, Manager Eddie Dyer says.

"I've told the boys we've got to win it with our pitching and batting ability," Dyer said. "I'm worried over fielding when Marty Marion arrives in camp. I'm concentrating on pitching and batting."

BATTLE FOR THIRD PLACE
ORLANDO, Fla., March 9 (AP)—The Cardinals and the Yankees are the two teams to watch in the battle for third place of the Washington Series. The Cardinals are trying to make the grade there.

These are:

Marty Marion, a weak (.223) hitter but a true fielder who played short stop last year. He has been shifted to third so that Johnny Sullivan can have the shortstop job.

Eddie Yost, another weak (.238) hitter. He finished last season on third after Cecil Travis' legs gave out on him.

Joe DeFanti, a good hitter (.319) with August of the Sally league last year, but a sloppy fielder so far.

Burley Youth Will Be Given Camp Tryout

When the signed contract of Hubert Adams, the last right-hander purchased from the Grand Forks club of the Northern League, was received yesterday by Business Manager John H. Baker, he became the 20th player to enter the Cowboy fold for the 1948 season. He also became the first player who had been a holdout to sign.

However, there are still 11 players who have not signed their contracts to a Cowboy company, but President Maury Doerr said that he expected all to be enrolled before the players assemble at Agua Caliente on April 7 for the spring training session.

Players still to sign are:

Catchers—Marlyn Burleson and Ritchie.

First baseman—Robert White.

Infielder—Harold Lowe (Lowe last year was with the Cardinals). Whether or not he will play ball this season.

Outfielders—John Hask, Jim Byrnum.

Pitchers—Robert Webster, Charles Noah, Max Little, Walter Eads, Jack McGarity, Tom Lyle.

Players now signed include Manager Charlie Miller, Infielder: Victor Elliott and Gilbert Hawkins; Catchers: Clyde Crump, Charles Buck, John Warren, Lynn Ball, Dick Pore and Frank Barker; Outfielders: Bruce Schroeder, Thomas Reiger, Dale Maycock, Thomas Churchill, Bill Collins, Willie Jones and Richard Powell, pitcher.

Hubert Adams to Get Tryout

Radick said that the Cowboys would take Butler Clements, a six-foot-one-inch outfielder from Burley, to camp; also Melvin Van Workman, Oregon pitcher. If the boys show up in the tryouts they will be offered contracts.

Buck, Crump, Warren, Reiger, Bailey, Schroeder, Elliott, Maycock, Fontaine, Newman and Marlow will report at the camp March 20 for extra training. The remainder of the squad will be on hand April 7. Radick said he would leave here about April 1.

WALCOTT FIGHTS EXHIBITION

CHICAGO, March 9.—Heavyweight Jersey Joe Walcott will arrive today for his first fight outing since his disputed loss to champion Joe Louis at Madison Square Garden in New York last December. Walcott, Mike Austin Johnson, Atlantic City, N. J., in a four-round exhibition at the coliseum Wednesday night.

Except for accidents, rheumatism fever is the most common cause of death among children.

Howell Used Only Six Plays to Win

SEATTLE, March 9.—University of Idaho turned in its major football upset last fall over Utah through the use of only six plays.

Utah, champion of the mountain states football conference, suffered its only defeat of the season to Idaho in a game at Boise.

Idaho Coach Dixie Howell told the Puget Sound Sportsman yesterday that the Vandals perfected the half-down play and began pointing for that Utah game right after the VSC title.

"Perhaps Utah could have beaten us any other time but that day we had the best team on the field," he said. "Nobody doubted it."

Howell said he would have a few promising backs next year and he would be deep in the tackle positions.

Hubert Adams to Get Tryout

Radick said that the Cowboys would take Butler Clements, a six-foot-one-inch outfielder from Burley, to camp; also Melvin Van Workman, Oregon pitcher. If the boys show up in the tryouts they will be offered contracts.

Buck, Crump, Warren, Reiger, Bailey, Schroeder, Elliott, Maycock, Fontaine, Newman and Marlow will report at the camp March 20 for extra training. The remainder of the squad will be on hand April 7. Radick said he would leave here about April 1.

WALCOTT FIGHTS EXHIBITION

CHICAGO, March 9.—Heavyweight Jersey Joe Walcott will arrive today for his first fight outing since his disputed loss to champion Joe Louis at Madison Square Garden in New York last December. Walcott, Mike Austin Johnson, Atlantic City, N. J., in a four-round exhibition at the coliseum Wednesday night.

Except for accidents, rheumatism fever is the most common cause of death among children.

Howell Used Only Six Plays to Win

SEATTLE, March 9.—University of Idaho turned in its major football upset last fall over Utah through the use of only six plays.

Utah, champion of the mountain states football conference, suffered its only defeat of the season to Idaho in a game at Boise.

Idaho Coach Dixie Howell told the Puget Sound Sportsman yesterday that the Vandals perfected the half-down play and began pointing for that Utah game right after the VSC title.

"Perhaps Utah could have beaten us any other time but that day we had the best team on the field," he said. "Nobody doubted it."

Howell said he would have a few promising backs next year and he would be deep in the tackle positions.
